# THE HANDS OF TIME

by Alan and Marilyn Bergman

If the hands of time were hands that I could hold,
I'd keep them warm and in my hands they'd not turn cold.
Hand in hand we'd choose the moments that should last;
the lovely moments that should have no future and no past.
The summer from the top of a swing.
The comfort in the sound of a lullaby.
The innocence of leaves in the spring.
But, most of all, the moment when love first touched me!
All the happy days would never learn to fly, until the hands of time would choose to wave
"good-bye."
The summer from the top of a swing;
The comfort in the sound of a lullaby.
The innocence of leaves in the spring.
But, most of all, when love first touched me!
All the happy days would never learn to fly until the hands of time would choose to wave
"good-bye," "good-bye," "good-bye."

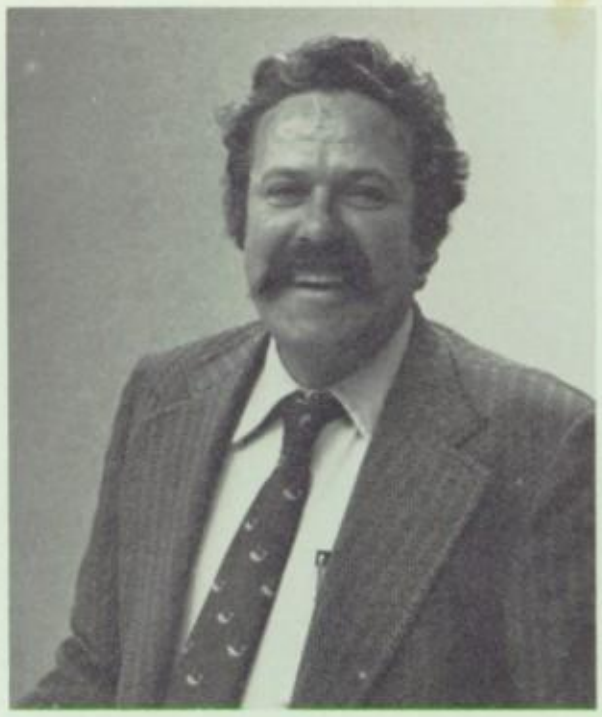
DEDICATION

We the Class of 1977, wish to dedicate this yearbook to Mr. Robert Verzella who has been our Class Advisor for the past four years. He has steered our class through all of it's growing stages. In dedicating this yearbook to Mr. Verzella we hope to sincerely thank him for all of the time and effort he has poured into the success of our class.

We also wish to extend our gratitude to our parents for their unselfish attitudes and graces provided for us throughout the "Times of Our Lives."



PRINCIPAL'S MESSAGE

To the Class of 1977:

Congratulations on fulfilling the first major step in your search for knowledge. It may seem that the worst or best is now over, but really you have only begun to experience what life has to offer and what there is available for you to learn.

I have known you as a class of definite individuals. Each of you stands out in my mind as a very separate and defined person, exemplified by very different and unique goals, ambitions, characteristics, attitudes and personalities.

A comment from one of you as you progressed through your years stands out in my mind: "Every year something else has changed and been different - and I'm glad now I am a senior so that I won't be here to see what changes next year." I think that you were more aware of the school changing as it was growing from infancy through the primary years than earlier classes that were not with the school as long as you.

Change will be with you for as long as you live and that is what life is all about. Learn to change and to grow with change. I wish you the best for success and fulfillment in your live.

SUPERINTENDENT'S MESSAGE

To the Class of 1977

Congratulations on reaching this important milestone in your life. It is my hope that you have not completed your studies; rather, that you have gathered the skills, interests, and insight to continue in your quest for knowledge.

You all have to make decisions concerning the world of work, and decisions about your personal life-styles. I hope your programs at BMU have assisted you in sorting through the myriad of choices open to you.

Best Wishes

A. Keith Ober
Superintendent

Alejandro del Real (Alex)

Alex was Blue Mountain's 1977 Mexican Exchange Student. While at Blue Mt., he became interested in a number of activities: basketball, cross-country skiing, music, and girls!! His comical antics and intelligence made him a friend of many.

The defending state champs played the most challenging twenty game schedule that any Blue Mt. team has ever played. Nearly half the schedule was with schools much larger than our own. Stiff competition was met, with many of these larger schools, but our girls played hard. As in the past our game was a team effort - a lot of "good" players, "no super stars." This year's team will lose three seniors, all consistent, tough, on the boards players, but a lot of hustle and determination will be returning, with the younger players.

This year's team went as far as the State Quarter Finals - losing in score, but gaining in experience. And you can certainly bet that next year's team is already looking to bring another title to Blue Mountain!

L to R - Denise D., Donna L., Cindy T., Alta W., Shelly W., Melissa B., Terri S.

The junior varsity team was made up of seven spirited ball players. For the first time, the J.V.'s played a full twenty game schedule - finishing with an impressive 17-3 record. They also played nearly half of their schedule against schools a lot larger than B.M.U. - and they always went up against teams with twice as many players.

With the desire and ability the J.V.'s displayed - it certainly looks like we may be placing another state championship banner in our gym in the near future.

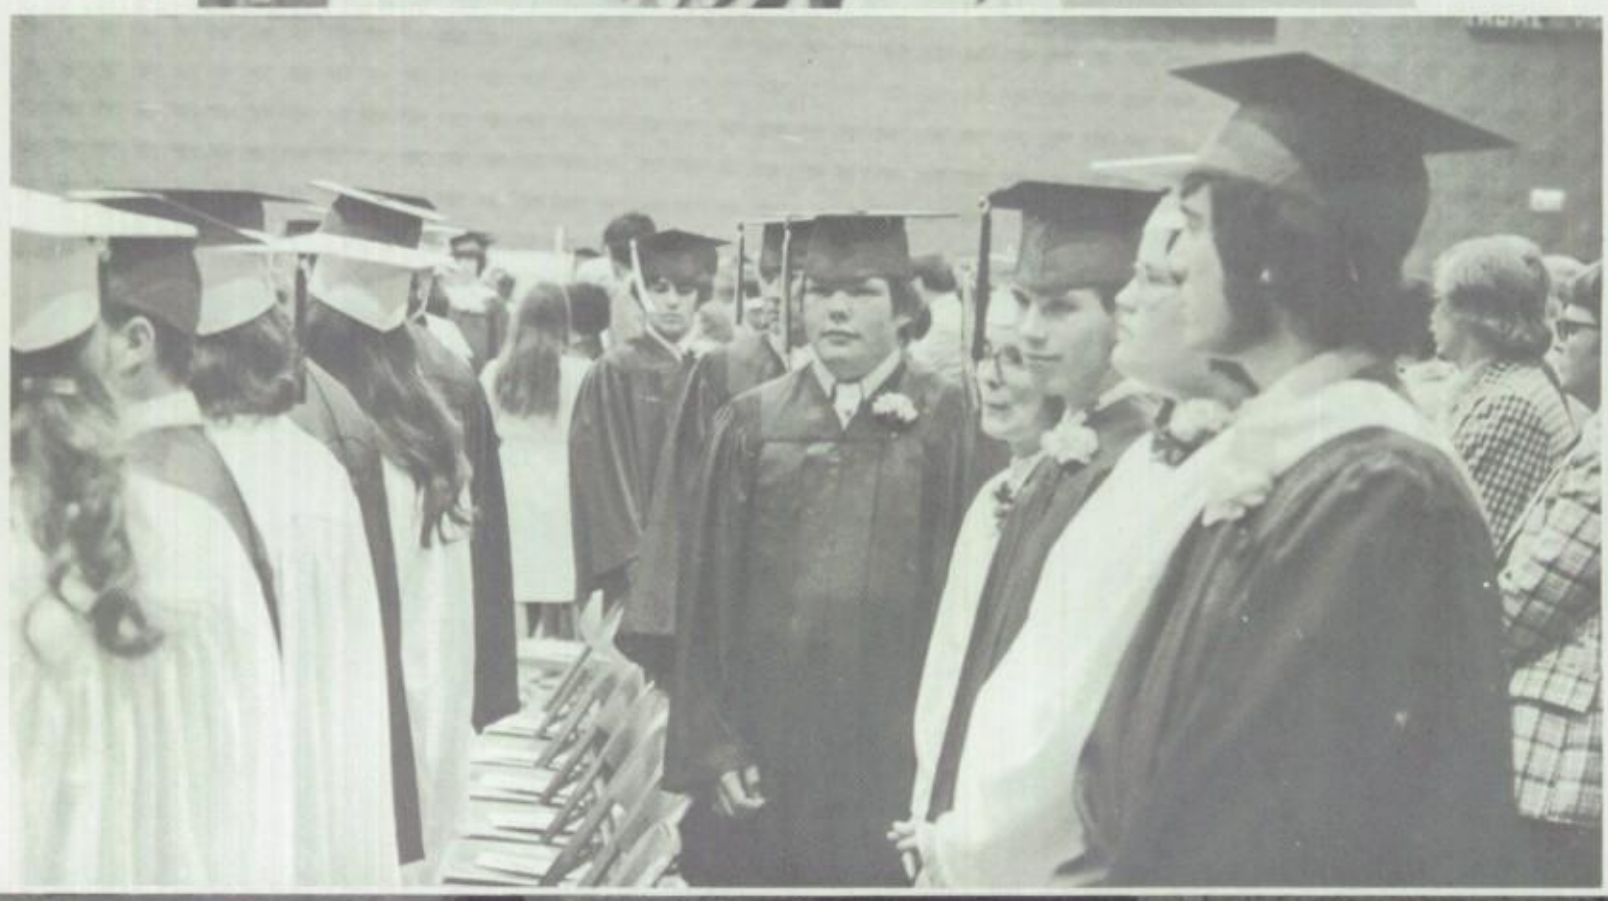
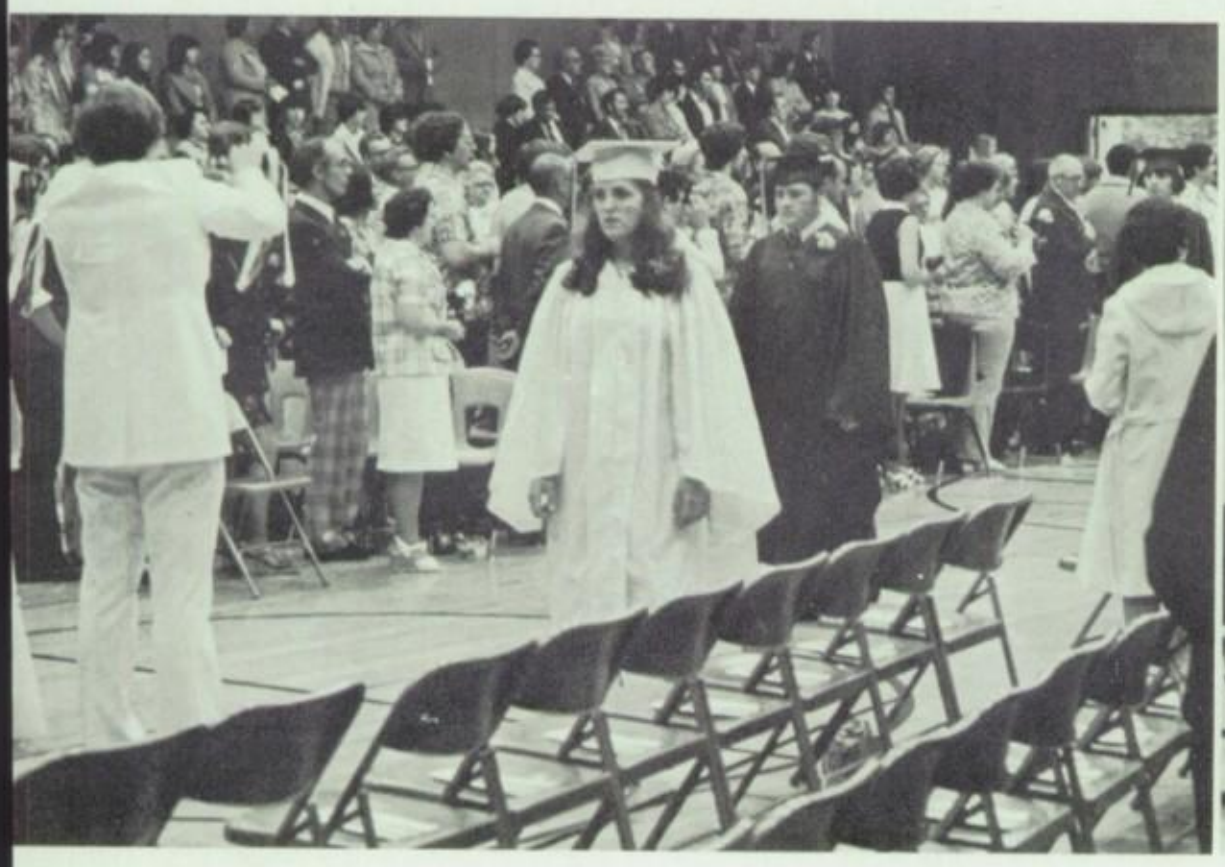
# *Graduation "77"*





FINAL MESSAGE . . .
From the Class of 1977

As you read these final few words, we the class of 1977, are gone. We have graduated and left Blue Mountain. We, as a class, don't really leave behind a lot of things to be remembered by, but we take a lot with us. We take with us all the knowledge that has been given to us over the last four years of High School. We also take with us a sense of pride that comes with having accomplished so much in so little time. We close this Final Message with the words of our theme; ''Until the hands of Time will choose to wave Good-by'', that time has now been chosen and we say ''good-by'' to Blue Mountain, and ''Hello'' to all of the new endeavors that so silently await us.
